

Flagging Tape

- Highly visible
- Outdoor durable
- Made in the USA
- APWA Utility Legends and Custom Printing Available

Description

Communicate hazards and other safety concerns with highly visible and colorful Flagging Tape. Choose between solid, vibrant colors or day/night colors, pre-printed legends, patterned and custom printed tapes.

Flagging Tape comes in a variety of materials perfect for every application including construction, surveying, forestry, nursery, mining, geophysics, hardware and oil exploration industries.

Provide additional communication with custom printed or pre-printed legends. All Flagging Tape is available in custom sizes.
