

Flush Mount Soil Markers

- Temperature stable / UV stable
- Impact, vandalism, fade and abrasion resistant
- Highly visible hot stamped graphics and messages
- Barbed stake included

Description

Clearly identify vulnerable underground assets with durable ground-level markers. Made of long-lasting and damage-resistant plastic, Flush Mount Soil Markers are perfect for urban, high-traffic, or other locations where posts and signs can't be used. These rugged markers can be walked on, driven over, or mowed over. They help you quickly locate buried drops, stub ends, valves, hand holes, manholes, and test stations.

Additional information
